COMICCRAFT — COMMUNICATION

==========

TEAM COMMUNICATION

- Daily standup via WhatsApp group
- Code pushed to GitHub daily
- Morning check-in at 9:00 AM (progress + blockers)
- Evening check-in at 8:00 PM (next steps)
- Weekly review call with mentor

STAKEHOLDER COMMUNICATION

- Faculty updated weekly via email
- Live demo shown at project review meeting
- Documentation submitted via Google Form
- Project demo video shared via Google Drive

TOOLS USED

- WhatsApp (daily coordination)
- GitHub (code collaboration and version control)
- Google Meet (weekly reviews)
- Google Drive (video demo hosting)
- VS Code Live Share (pair programming sessions)

COMMUNICATION PRACTICES

- All decisions documented in the WhatsApp group
- Code reviews before merging any changes
- Progress tracker updated daily
- Blockers reported immediately, not at end of day
